

**REMARKS**

Responsive to the Office Action of August 12, 2008, to which response is now due by November 12, 2008, Applicant submits the foregoing Amendments to the Claims.

Applicant acknowledges the allowance of Claims 13-16 and 21-24.

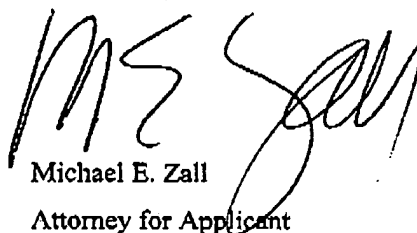

The Office Action, rejects Claims 17-20 under 35 USC §101 and §112. Applicant submits new claim 25, replacing Claim 17, and has adjusted the verbiage and dependency of dependent Claims 18-20 to be consistent with new Claim 25.

With respect to the Office Action inquiry with relating to the first and second angles in Claims 18 and 19, Applicant has amended the claims to indicate that these are angles  $\alpha$  and  $\beta$  referenced in paragraphs [0118] through [0122] in the published application US 2006/0282231 A1 and pages 20 & 21 of the originally filed application.

In Applicant's opinion, these Amendments overcome all of the rejections to the claims.

Applicant respectfully asserts that all of the claims now presented, i.e., Claims 13-16 and 18-25, are allowable and requests that this application pass to issuance.

Respectfully Submitted,

Michael E. Zall
